The following extracts from the report on the work of the Indian Section of the British Consulate at Baghdad for the year 1934 is published for general information:—

XI.—Iraq Residence Law.

In the course of 1934 the Iraqi authorities manifested their intention of applying strictly the provisions of the Iraq Residence Law, which makes it incumbent on foreigners entering Iraq to Register themselves at police headquarters of the District in which they reside within 15 days of their arrival. In the case of pilgrims, however, compliance with this requirement was not insisted upon, although no exemption for pilgrims is provided in the Law. But it is to be anticipated that pilgrims who remain in Iraq as many do, after the expiration of a reasonable period for the performances of their pilgrimage, say three months, may find themselves called upon to register, and may even be sentenced to payment of a fine or to imprisonment, as provided in the Law for failure to comply with its terms.

Last Sub-Paragraphs of Paragraph XII(b)

Tourists and pilgrims who enter Iraq whether on passports or pilgrim passes should be warned that the Iraq visa allows them to stay three months in Iraq. Any person desiring to stay beyond that period must obtain a Residence Permit from the Director-General of Police, P. R. N. Department, Baghdad, before the three months have expired.

Paragraph XII (e).

(e) Visas for Egypt. Indian pilgrims proceeding to Saudi Arabia via Palestine and Suez are required to take an Egyptian Visa at Baghdad. During the pilgrimage seasons there has been no difficulty in obtaining such visas but at other times they are not granted unless the application is supported by a written request from His Majesty's Consul. The object of this restriction appears to be to prevent such persons becoming stranded in Egypt. His Majesty's Consul at Baghdad only recommends persons when he is satisfied that they are *bona fide* and in possession of sufficient means.

XVII.—Corpse Traffic.

Eleven corpses were imported from India into Iraq during the year 1934. Regulations governing their importation remained unchanged.

The following regulations and charges for the conveyance of corpses from Basra to Karbala by the Iraq Railways are brought to notice :—

(1) Corpses are inspected at Basara by the Health Officer. If the corpse is passed fit for conveyance, a certificate is granted by him on payment of a fee of Rs. 7-8-0.

(2) Dried corpses will be admitted if completely enclosed, so that no part of the corpse is visible.

(3) Moist corpses must be enclosed in hermetically sealed coffins lined with iron, lead or zinc to the satisfaction of the Inspecting Medical Officer and must be accompanied by the following documents (to be obtained before leaving India)—

- (a) A certificate or endorsement on the passport to the effect that sanction of the Iraq Government to import the corpse into Iraq has been obtained stating the number and date of such authority.
- (b) A certificate from a competent authority to the effect that the deceased person did not die from an infectious disease; the actual cause of death being recorded and accompanied by a statement that the certifying authority has satisfied himself that the corpse is hermetically sealed in a suitable coffin.

(4) Moist corpses will only be admitted between 1st November and 31st March.

(5) Rates of carriage in Iraq:—

Margil (Basrah) to Karbala 530 Kilos per corpse.

	Rs.	a.	p.
Skeletons or dried corpses bagged or boxed which are not offensive and not exceeding 9 feet in length ...	20	10	0
Dry corpses in coffins tendered in waggon loads per waggon ...	120	0	0
Fresh corpses 1st corpse ...	41	4	0
